Sir:

**PETITION FOR REVIEW OF NOTICE OF OMITTED ITEM
IN A NONPROVISIONAL APPLICATION**

Applicant hereby petitions for review of the Notice of Omitted Item in a Nonprovisional Application mailed December 14, 2001. In the Notice, Figure 16 described in the specification was indicated as having been omitted from the application.

The Applicants contend that the above-referenced item was deposited in the U.S. Patent and Trademark Office. Attached hereto are a copy of Fig. 16 and a copy of the Utility Patent Application Transmittal form for the above-referenced patent application. The Utility Patent Application Transmittal form indicates that 21 pages of drawings were included in the patent application. Furthermore, all of the pages of drawings that were received indicated that there were 21 pages of drawings. However, only by including the sheet containing Fig. 16 are there 21 pages of drawings. Therefore, the Applicants contend that the sheet containing Fig. 16 was submitted with the above-referenced patent application.

The Commissioner is authorized to charge the requisite fee of \$130.00 for the petition, and any additional fees which may be required, to the credit card listed on the attached PTO-2038. However, if the PTO-2038 is missing, if the amount listed thereon is insufficient, or if the amount is unable to be charged to the credit card for any other reason, the Commissioner is

authorized to charge Deposit Account No. 06-1315; Order No. ITWO:0023/YOD for the
requisite fee.

Respectfully submitted,

Date: January 16, 2002
